Ms. Jordan Fogal, 1515 Hyde Park #3, Houston, Texas 77006 (713-521-7032) appeared, displayed pictures and stated that Mayor White wanted affordable housing and wanted it now and she could understand that it would help make Houston a more viable city, but there were people who took advantage of even the best intentions and if he was not aware he could not be accountable; that the pictures were of her subdivision and not under construction, but under repairs with her house having \$175,000 damage; that her home had mold growing inside and outside and beams were rotten and her house was brand new as she bought it in April 2002; that the lady with her had her home bought back by Treemont Homes as she had a leaky roof, mold growing and it was uninhabitable and the City had just issued a letter stating commissioners had decided to stop using the contractor Stature Construction on police headquarters; that they were thrown off the job and there was \$120,000 worth of remediation work needed and they could not withstand anymore bad publicity. Council Members Lawrence, Galloway, Wiseman, Holm, Garcia, Quan, Sekula-Gibbs, Green and Berry absent. (NO QUORUM PRESENT)

Upon questions by Mayor White, Ms. Fogal stated that this week the company name was University Development and when they built her house it was Stature Construction and the Secretary of State had twelve companies listed to them every two years; that the common name you saw on each was Jorge Castenero or his mother; that she would love to share her information with him; that they could not jeopardize their homes by placing them in the hands of the home builder to hire inspectors. Mayor White stated that inspection was one thing but builders needed to be held accountable; that there were remedies against people who sold defective homes, but he could not be her counsel though he might be able to make a recommendation to her. Council Members Lawrence, Galloway, Wiseman, Holm, Ellis, Quan, Sekula-Gibbs, Green and Berry absent. (NO QUORUM PRESENT)
